Coach Lawrence Hampton, “Coach Law,” has coached basketball for ages 5+ for over 17 years. Coach Law has trained local and national athletes and has an innate ability to work and relate with today’s student-athlete. His philosophy is simple: connect with Coach Law and he’ll connect you to your true game. Through his coaching experience (Asst. Varsity Coach at Sierra Vista Buena High School, Salpointe and Catalina Foothills), Coach Law has developed a training system that supplements and supports what you learn from your coach. With Coach Law you’ll focus on more reps and individual fundamental skill training that will integrate into a coach’s overall team concept. As the owner and instructor of DenFlint Connections Basketball Academy, Coach Law spends countless hours training and developing complete basketball players. Now is your chance to get connected!
