I urge you to go on to the web site; it will give you a great deal of information on what Mission Harvest America is doing to help the victims in Haiti. I am working with Mission Harvest America in gathering the following items to be sent to Haiti.

- Monetary Donations (ALWAYS WELCOME)
- Canned Goods (especially pop top type can goods) with a 3 month shelf life
- Dry Food, Bags of Rice, or Beans, Powered Milk (Boxes or package type foods are not desired due to damage in handling).
- First Aid Items
- Medical Supplies
- Non-Perishable Food Items
- Clothes (Polo Shirts, Packaged T-Shirts, Packaged Underwear, Packaged Socks, gently used shirts, polo shirts, t-shirts)
- Shoes – Tennis Shoes – Flip Flops – Slip On's
- Toiletries (Toothbrushes, Toothpaste, Hand Sanitizer, Soap, Lotions,)
- Towels and Wash Clothes
- Light Blankets, Sleeping bags, Candles, Flashlights, Batteries, Tarps, Bug Repellent, Flat sheets.

Mission Harvest America has began collection of food, medical supplies, camping supplies, portable generators and more, the first shipment will be ready very soon. Water is an urgent need but shipping bottled water takes up space and weight allowance which could be better filled with food. Instead of shipping bottles of water, MSA is manufacturing water purification systems that will be issued to families so they can make pure water from any local fresh water source. Each unit makes four gallons in just over one hour's time. MSA is looking for sponsors at \$45.00 per unit, which will include a spare filter set and delivery to Haiti.

Please Please take a few minutes to glance through your closet, garage or storage spaces. Please take a moment on your next trip to your favorite Store to pick up a package of underwear or socks or t-shirts. Please take a moment to help.
